RUTAS

We present the **Wine Routes of Spain**, each one with its own unique personality. Each route shows you a different side to Spain, an authentic side, providing a range of new experiences and a unique way of learning how to appreciate and love wine.

Let's set off on our journey!

## Explore Spain through Wine

Each Designation of Origin has prepared the very best it has to offer for you to enjoy.

In each region, traditional, artisan and innovative wineries have joined forces to open their doors and invite you to experience their wines and learn about their history; restaurants are offering special menus featuring local food and first-rate wine lists, and holiday accommodation owners have put together attractive themed programmes updated every year. Come and explore the hundreds of viewpoints and wine trails

through landscapes that will stay fresh in your mind for ever; be part of wine festivals and events in celebration of sensory pleasures; visit wine museums that take an in-depth but entertaining look at wine culture; call in at shops selling products you won't find anywhere else; indulge in wine therapy treatments; get to know the character and lifestyle of the local people... **we could tell you so much more, but you have to see it for yourself.**

## Satisfaction guaranteed

We're waiting for you on any of the Wine Routes so we can show you what we've done. **We want to amaze you.**

A Wine Route of Spain is one that is regularly certified to the quality and product criteria set by ACEVIN and TURESPAÑA in the *Wine Routes of Spain Tourist Product Manual*. The manual defines a set of requirements applicable to the organisation responsible for the Route, such as how it is managed, signage, advertising and support for local

trade, together with criteria relating to the various kinds of establishments along the Route, including restaurants, accommodation, wineries, shops, etc.

The **quality standards** for all these routes are set by Wine Routes of Spain, guaranteeing you complete peace of mind.

## Much more than wine

### Culture and heritage

Enchanting villages, medieval towns, monuments, castles, museums, archaeological sites, monasteries, historic and artistic complexes... a never-ending list of attractions awaits you.

### Nature, sport and health

Wine landscapes are all different too, each route is unique for its colours, its aromas and its flavours. Nature Parks, mountain ranges, wetlands, Biosphere Reserves, beaches, bird watching areas, hiking trails and viewpoints for enjoying the countryside and all it has to offer, as well as a range of sporting activities. If you want to pamper yourself, why not take some time out in one of our spas and try a wine therapy treatment.

### Festival fun

Community festivals, parties and gastronomy events, many of which have been declared of tourist interest, jostle for space in the wine routes calendar from January through to December. And don't forget the Grape Harvest festivals, where wine is the star attraction.

### Business and meetings

Are you travelling in a group? With your company? Do you want to hold a product launch in a fantastic winery? Are you looking to offer an incentive to your team? You can have all your **working meetings in wineries and themed hotels, combining the professional side of things with an attractive series of leisure options.**
